# UNITED STATES GOVERNMENT LIFE INSURANCE. 

## INTRODUCTION.

Under the war-risk insurance act every person in the active military or naval service was given the privilege of obtaining from the United States insurance against death and total permanent disability in amounts up to $\$ 10,000$.

This insurance is issued by the Bureau of War Risk Insurance of the Treasury Department, on the yearly renewable term plan.

## TERM INSURANCE ISSUED DURING THE WAR.

The premiums are calculated on the basis of the American Experience Table of Mortality with $3 \frac{1}{2}$ per cent interest (net peace-time rates). No addition is made to these premiums to cover the cost of issuing the insurance and of its administration or for the extra cost of insurance due to the hazards of war. Furthermore, no charge is made for the additional liberal benefit whereby the insurance is paid in case the insured becomes totally permanently disabled. The insured therefore obtains insurance covering the hazards of war and pays for it at the net peace-time rates.

## EXPIRATION OF TERM INSURANCE.

Under the provisions of the war-risk insurance act the term insurance may be retained for five years after the termination of the war, as proclaimed by the President, provided the insured continues the payment of premiums. These premiums increase slightly as the insured gets older.

## CONVERSION OF TERM INSURANCE.

The war-risk insurance act provides that before the expiration of the five years above specified any person
holding the war-term insurance may convert it into a permanent form of Government life insurance. If the insured does not so convert his term insurance within the five years, it will terminate at that time and he will be unable to obtain any further Government insurance.

In order to convert into the permanent form the insured must continue to pay the premiums on his term insurance until he is ready to make the change. He can, however, reduce the amount of insurance by filing a request with the Bureau of War Risk Insurance.

The insurance may now be converted in whole or in part, upon application to the Bureau of War Risk Insurance of the Treasury Department, Washington, D. C. The necessary application blanks will be furnished by the bureau.

The following forms of policies will be issued by the bureau to persons making the conversion:
(1) Ordinary life.
(2) Twenty-payment life.
(3) Thirty-payment life.
(4) Twenty-year endowment.
(5) Thirty-year endowment.
(6) Endowment maturing at age 62.

Thesc policies will be issued in sums ranging from $\$ 1,000$ to $\$ 10,000$, in multiples of $\$ 500$. The insurance will be issued against death or total permanent disability.

Should the policy become a claim by death, payment of $\$ 5.55$ per month is guaranteed for 240 months, for each $\$ 1,000$ insurance, and should the insured become totally and permanently disabled payment of installments will continue during his life while so totally and permanently disabled.

The insurance is unassignable, except that a beneficiary may assign his interest to any other member of the permitted class of beneficiaries. It is also nontaxable, and free from the claims of creditors.

No medical examination is necessary to make the conrersion.

## HOW TO REINSTATE AND CONVERT LAPSED TERM INSURANCE.

Tearly renewable term insurance lapsed or canceled may be reinstated and converted, in whole or
in part, within 18 months after the month of discharge from the military or naval forces, or at any time within one year after the date of lapsation or cancellation, upon evidence of insurability and payment of the premium for one month (the grace period) on the amount of term insurance to be reinstated and converted, and also of the first premium on the converted insurance.

Instead of the policy being payable in 240 monthly installments at his death, the insured may select certain optional settlements under United States Government life insurance (converted) poiicies.

## OPTIONAL SETTLEMENTS.

The insured may select during his lifetime or by his last will and testament for a designated beneficiary or beneficiaries one of the optional settlements set forth below, but notice of the selection shall not be valid unless and until it is recorded in the Bureau of War Risk Insurance. The insured may likewise revoke his selection of the optional settlement, but the revocation shall not be valid unless and until it is recorded in the Bureau of War Risk Insurance.

If the insured has not made an optional selection during his lifetime or by his last will and testament, at the maturity of the policy by death a designated beneficiary or beneficiaries may select settlement under options 2 or 3 as set forth below, but the selection shall not be talid unless and until it is recorded in the Bureau of War Risk Insurance. If the insured has made an optional selection during his lifetime, or by his last will and testament, at the maturity of the policy by death a designated beneficiary may clect to receive the insurance in monthly installments spread over a greater period of time than that selected by the insured.

The values shown in the following options are based on an insurance of $\$ 1,000$ without indebtedness. If there is indebtedness, or if the insured has received any payments on account of total permanent disability, the values will be decreased accordingly. If the policy provides for a larger amount of insurance than $\$ 1,000$, the values will be increased proportionately.

## OPTIONAL SETTLEMENTS IN LIEU OF MONTHLY INSTALLMENTS OF $\$ 5.75$ PAYABLE ON THE DEATH OF THE INSURED UNDER THE TERMS OF THE POLICY.

Option 1. Insurance payable in one sum.-Settlement under this option will be made only when selected by the insured during his lifetime or by his last will and testament. When such selection has been made, the face amount will be payable in one sum at the maturity of the policy by death.

Option 2. Insurance payable in limited install-ments.-The installments noted below will be payable for an agreed number of months to the designated beneficiary. ## WHEN THE INSURANCE TAKES EFFEC'.

In no case does the United States Government life (converted) insurance take effect until a valid application for the converted insurance has been made and the first premium on the converted insurance paid. The insurance will take effect on the first of the month succeeding the month in which the application is made, provided the premium on the term insurance payable on the first of the current month has been paid. If the premium on the term insurance payable on the first of the month in which application is made has not been paid, then the converted insurance will take effect on the first day of the current
month provided the premium for the converted insurance for this month is paid.

## PREMIUMS.

The premiums charged for the United States Government life insurance (converted) are calculated upon the American Experience Table of Mortality, with $3 \frac{1}{2}$ per cent interest. They are net premiums without any charge for the expenses of administration; these charges will be borne by the Government.

## GENERAL PROVISIONS.

No additional charge will be made in the premiums for the liberal total permanent disability provision.

The insurance will be issued at the nearest attained age of the insured on the date on which the converted insurance takes effect.

The premiums are payable monthly on the first of the month. They may also be paid quarterly, semiannually, or annually. Should the insured pay quarterly, semiannually, or annually and die, the discounted value of the premiums paid in advance beyond the calendar month in which death occurs shall be refunded.

The policies will participate in gains and savings, and provision is made for the payment of dividends as earned.

Dividends may be taken in cash or left to accumulate at interest with the Government.

Surrender values will be provided together with the other usual features contained in the policies issued by the life insurance companies.

The strength of the United States is the security for these policies. The premiums are lower than those charged by any company for participating insurance with similar benefits.

The insurance payments will be made in monthly installments, but will be paid in one sum in the following instances:
(1) At the maturity of the policy by death, if the insured, during his lifetime or by his last will and testament, has selected Option 1 as set forth above under the heading "Optional settlements."
(2) When cash ralue is taken.
(3) When surrendered for paid-up insurance.
(4) When the policy matures as an endowment.
